

# BECOME A PART OF THE DIRECTORY

Brighter Journeys hopes this guide will be a vital resource for special needs families. We have collected information from many organizations that offer services to the special needs community. We hope that your organization can contribute to our Directory, and assist us in Brightening the Journey's of special needs families. Many of these organizations participate in our Special Needs Expo that is held at Mohegan Sun in the fall. The expo is a wonderful day to come and visit with these organizations one on one.
